| Subject: | Review of Fees |

Hi Allison,
I have completed an extensive review of the fees for the professions in your board office. We have already discussed Medicine and PA, but I will still include. Below is a summary of the outcome by profession. A meeting has already been scheduled to review in more depth.

Anesthesiologist Assistant - This profession is in an increasing trend, yet has been in chronic deficit since as early as FY04-05. It is projected that AA will be out of deficit at the end of this fiscal year. The renewal fee is set high at $\$ 500$ (which is more than an MD) when the cost to regulate is only $\$ 264$. I would recommend waiting until FY13-14 before looking to reduce the fees.

I thought the 2 year expenditures were quite low at $\$ 21,619$ for FY10-11 and 11-12, so I looked at the year end matrix and noticed that there were no enforcement hours charged to AA for either FY. This concerns me and I wonder if AA enforcement hours might be being charged to Medicine in error.

Medicine - I would not recommend a fee adjustment at this time. This profession is in a decreasing trend. The renewal fees are set below the cost to regulate and the projected 2 year trend is negative with the revenues $8.69 \%$ less than the expenditures, however the FY11-12 cash balance is $\$ 9 \mathrm{M}$. I have attached the fee scenario previous provided.

Naturopathic - Nothing to do here as there are no licensees, yet still considered a profession and has expenditures charged. The expenditures include enforcement hours and renewal support.

Physician Assistant - I would not recommend a fee adjustment at this time. Although this profession is in a slightly decreasing trend, the renewal fee is set below the cost to regulate and the projected 2 year trend is positive and the revenues exceed the expenditures by $2.09 \%$, which is a nice $\%$. I know there was concern about application and initial prescribing fee being exempt from paying a fee, the impact should be minimal. I have attached the fee scenario previous provided.

Please let me know if you have any questions and I will you in our set meeting to discuss in more detail.
Thanks,
Mendy Simmons \&
